SUMMARY REPORT

B.01 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘PRT’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 011 – Austria (AT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.02 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘PRT SD’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 048 – Austria (AT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.03 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘PRT (recoSTAR PET-FG)’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 050 – Austria (AT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.04 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘PET to PET’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 053 – Austria (AT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.05 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘PET to PET SiV+’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 068 – Austria (AT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.06 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘EREMA Recycling processes using the MPR, Basic and Advanced configurations’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 134 – Austria (AT)

The point has been withdrawn from the agenda.

Vote Postponed

B.07 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Visy’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 101 – Australia (AUS)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.08 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Sabert’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 030 – Belgium (BE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.09 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Terrachim’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 122 – Bulgaria (BG)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.10 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘BTB’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 010 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.11 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘MKF-Ergis’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 021 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.12 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Etimex’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 032 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.13 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Veolia’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 071 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.14 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Eco Polymers’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 079 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.15 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Fernholz’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 113 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.16 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Klöckner Pentaplast’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 121 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.17 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Märkische Faser’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 135 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.18 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘PEGRA-V’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 137 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.19 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Coexpan Deutschland’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 140 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.20 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Gneuss 1’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 143 – Germany (DE)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.21 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Sky-Light MPR’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 005 – Denmark (DK)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.22 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘BariQ’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 084 – Egypt (EGY)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.23 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘CPR Superclean PET’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 002 – Spain (ES)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.24 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘RPET Nosinyec’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 082 – Spain (ES)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.25 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Formas y Envases’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 115 – Spain (ES)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.26 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Plastienvase’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 138 – Spain (ES)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.27 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Pramia Plastic Oy’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 131 – Finland (FI)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.28 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘FPR’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 039 – France (FR)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.29 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘SOREPET’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 072 – France (FR)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.30 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘SOREPET GR+’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 074 – France (FR)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.31 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘CLR rPET’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 029 – United Kingdom (UK)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.32 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘TDX’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 100 – United Kingdom (UK)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.33 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘FOOD RePET FGI. H’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 106 – Hungary (HU)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.34 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘CIER’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 027 – Italy (IT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.35 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Aliplast Buhler A’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 041 – Italy (IT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.36 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Valplastic’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 043 – Italy (IT)

The point has been withdrawn from the agenda.

Vote Postponed

B.37 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Aliplast Buhler B’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 044 – Italy (IT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.38 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Dentis’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 046 – Italy (IT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.39 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘ILPA’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 105 – Italy (IT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.40 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Alimpet MPR’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 136 – Italy (IT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.41 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Coexpan Montonate’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 141 – Italy (IT)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.42 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘LuxPET’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 008 – Luxembourg (LU)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.43 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Baltija Eco PET’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 118 – Latvia (LV)

The point has been withdrawn from the agenda.

Vote postponed

B.44 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘MOPET’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 001 – Netherlands (NL)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.45 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘MOPET-FLAKE’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 038 – Netherlands (NL)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.46 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘4PET’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 047 – Netherlands (NL)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.47 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Cumapol’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 085 – Netherlands (NL)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.48 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘HVZ’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 103 – Netherlands (NL)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

- B.49 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Polowat’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 078 – Poland (PL)**

The point has been withdrawn from the agenda.

Vote Postponed

- B.50 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Eurocast’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 111 – Poland (PL)**

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

- B.51 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Ecoiberia’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 133 – Portugal (PT)**

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

- B.52 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Greenfiber’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 108 – Romania (RO)**

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion. An issue concerning the naming of the applicant was identified during the discussion in the committee. The text was therefore not presented for vote.

Vote Postponed

- B.53 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘ExtruPET’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 036 – South Africa (RSA)**

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.54 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘ExtruPET SiV+’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 124 – South Africa (RSA)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.55 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘Buhler C’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 037 – Switzerland (CH)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.

B.56 Exchange of views and possible opinion of the Committee on a draft Commission Decision authorising the mechanical PET recycling process ‘PolyQuest’ in accordance with Regulation (EU) 2022/1616 on recycled plastic materials and articles intended to come into contact with foods – RECYC 025 – United States of America (USA)

A Commission representative presented to the Committee the draft act authorising the placing on the market of the recycling process under this agenda point. This authorisation is supported by a positive EFSA opinion.

Vote taken: Favourable opinion.
