AGENDA

Section A Information and/or discussion

A.01 Information from Member States and exchange of views concerning the implementation of official controls and other official activities in accordance with the Animal Breeding Regulation. (EC)

Member States are requested to present how the official controls and other official activities in the zootechnical field have been implemented by them, discuss the results of those controls, including irregularities detected and penalties applied.

A.02 Information and discussion on recent activities of the European Union reference centre responsible for the scientific and technical contribution to the harmonisation and improvement of the methods of performance testing and genetic evaluation of purebred breeding animals of the bovine species. (EC)

A.03 Information and discussion on recent activities of the European Union reference centre responsible for the scientific and technical contribution to the establishment and harmonisation of the methods for the preservation of endangered breeds, and the preservation of the genetic diversity existing within those breeds. (EC)

A.04 An update on the global genetic resources strategy and specific AnGR for Europe with the reference to the scope of the Animal Breeding Regulation. (EC)

A.05 Exchange of views as regards the implementation of the rules and Member States' experience related settlements of disputes between breeders and breed societies. (EC)

Member States are requested to share their experience on the implementation of the rules on the settlements of disputes between breeders and breed societies, taking into account a possible impact on movement of breeding animals to other Member States.
